

Attunement & Grimoire of the Demons of Death and Shadow

Posted on June 27, 2025 by Rhyan Hyroc

Decay, Necromancy, and the Power of the Unseen Ending

Command the Forgotten. Master What Others Fear.

Where others flinch, you will stare.

Where others deny, you will command.

The energy of death is not an end—it is the **force of transition**, the **power of silence**, and the **threshold between all states** of being.

The **Demons of Death and Shadow**—**Bifrons, Ipos, Focalor, and Raum**—do not haunt. They clean. They dissolve lies, cut cords, and escort energy where it no longer belongs. They are not symbols of darkness. They are **engines of necessary finality**.

This path is not morbid. It is mature.

You are not here to fear death. You are here to learn how to **wield it as a sacred tool**.

Pain Points & Practical Solutions

This course is designed for those who have lived long enough to know that not all endings are losses—some are liberations. If the following has been your reality, this attunement brings release and dominion.

1. You stay in dead relationships, projects, or places far too long.

You know it's over, but emotional or energetic ties keep you trapped in cycles of stagnation.

Demonic Solution: Raum and Ipos cut spiritual cords and emotional residue. You no longer “walk away”—you **close** the door with finality.

2. You are haunted by the past—literally or emotionally.

Old memories, past lives, ancestral patterns, or even entities disturb your clarity.

Demonic Solution: Bifrons governs peaceful transition and necromantic clarity. His current gently but completely removes that which no longer belongs in your field.

3. You carry other people's pain, grief, or trauma.

You've become the graveyard of others' unresolved suffering, and it's draining you.

Demonic Solution: Focalor purifies and severs. He removes unnecessary weight from your body, mind, and space. Others' burdens are returned or destroyed.

4. You fear your own shadow—rage, jealousy, cruelty, apathy.

You suppress your dark side, then sabotage yourself when it leaks out.

Demonic Solution: Ipos teaches controlled integration. He reveals and harmonizes your primal emotions without losing yourself to them.

5. You cannot bring closure to trauma.

You talk, process, write—but the wound never actually completes.

Demonic Solution: Raum and Bifrons work together to remove the energetic imprint beneath the story. Closure becomes visceral, not intellectual.

6. You avoid confrontation and loss, even when it's necessary.

You stay silent instead of enforcing your boundaries, allowing rot to spread.

Demonic Solution: Focalor grants judgment and fearless decree. You no longer fear what you must destroy to stay whole.

7. You feel surrounded by energetic clutter—both physical and spiritual.

Your home, your field, your dreams are filled with what is no longer relevant or alive.

Demonic Solution: Bifrons clears death-energy residue. Raum tears out patterns by their root. You begin to live in clean energetic territory.

8. You sense spirits or presences but don't know what to do.

You feel haunted, but powerless. Dreams are chaotic. Rooms feel crowded. Rituals lack control.

Demonic Solution: Bifrons teaches the art of necromantic command. Spirits become guests—or are expelled. You reclaim domain over your spaces.

The Spirits of Necessary Endings

Bifrons – *Gatekeeper of the Dead and Guardian of Ritual Passage*

He brings mastery over necromancy, death energy, peaceful transition, and the respectful management of spirits and decay.

Ipos – *Navigator of Emotional Darkness and Psychic Conflict*

He grants access to controlled use of anger, grief, fear, and shadow without collapse or repression. A master of internal confrontation.

Focalor – *Executor of Energetic Justice and Waters of Cleansing*

His current delivers judgment, elemental severance, and the final word. He is invoked when something must end with no return.

Raum – *Destroyer of Corrupt Structures and Phantom Attachments*

He unravels illusions, tears down psychic walls, and ends cycles of repetition. Raum is chaos used with purpose: to purge and renew.

The Attunement Path

Each demon is approached through a **21-day initiation cycle**, including daily mantra repetition and focused energetic connection. **20 specific petition templates per demon** are provided, targeting practical transformations such as:

- Ending emotional codependency

Attunement & Grimoire of the Demons of Death and Shadow

- Releasing past identities or entanglements
- Clearing haunted spaces
- Severing karmic, sexual, or ancestral bonds
- Reclaiming power from endings that left scars

During the 21-day cycle, **seven remote rituals** are performed by Terra Incognita Coven masters to open and reinforce your bond with each demon. The result is permanent. Your field changes. Your death-energy becomes an asset.

This Is For You If:

- You're tired of grief, pain, or trauma recycling inside you
- You feel stuck in cycles that need to end but never do
- You've been the emotional graveyard for others—and want your field back
- You feel haunted, clouded, or energetically heavy
- You're ready to confront your own darkness and harness it for strength
- You're not here to suffer endings—you're here to **command them**

No experience with demon work required.

No need for fear. These demons do not seek to hurt. They seek to **end what already is.**
