

# Powers of Malphas

Posted on June 2, 2025 by Rhyan Hyroc

There are spirits who inspire, spirits who seduce, spirits who accelerate. And then there are spirits who **fortify**. Malphas belongs to the latter. He does not give you wings—he gives you **walls**. Not as confinement, but as sovereignty. Not as retreat, but as dominion.

To understand his function is to recognize that power is not always expansion. Sometimes power is containment, filtration, exposure, and **design through resistance**.

Malphas grants **11 major powers** to those who are attuned to his current. These are not abstract virtues. They are real, practical energetic tools that manifest in the psychic field, in interpersonal life, and in the subtle architecture of spiritual workings.

Let us now explore them with clarity.

---

## 1. Fortress-Building (Energetic and Psychic)

Malphas enables the creation of **personal energetic structures**—internal or external—designed to withstand interference, attack, or erosion. These fortresses are not mere shields. They are **complex multi-layered fields** built with intention, reinforced daily, and coded for loyalty.

This includes:

- Psychic strongholds in the subtle body
- Energy barriers around homes or sacred spaces
- Customized wards that respond only to specific energies

You become **difficult to read, harder to influence, and immune to ambient drain.**

---

## 2. Revealing Hidden Enemies

One of Malphas's core powers is to **unveil betrayal and deception.**

This may manifest as:

- Dreams in which the betrayer reveals themselves
- Sudden intuitive flashes during conversation
- Events that “accidentally” expose hidden malice
- Unprovoked confessions or behavioral shifts

This revelation does not come with drama. It is surgical, silent, and undeniable.

---

## 3. Reversing Malice

Malphas is not a demon of aggressive retaliation. He instead **reverses** attacks by making their source **ineffective, inert, or publicly exposed.**

This power often:

- Drains energy from incoming malice
- Turns the consequence of attack onto the attacker's social or spiritual field

- Nullifies intention before it becomes action

Your field begins to **filter attacks into decay**.

---

#### 4. Binding False Allies

Malphas assists in binding those who pretend loyalty but carry secret malice. This is done through **spiritual contract reinforcement**—forcing hidden intentions to surface, or rendering the deceiver unable to act without consequence.

The result may be:

- Emotional distance
- Loss of control in their manipulation
- Forced confession or collapse of facade

This power ensures that those around you are either **truly aligned—or removed**.

---

#### 5. Psychic Shielding

A signature power of Malphas is the building of **constant, adaptive psychic shields**.

These are different from temporary wards. They evolve with your emotional and energetic state and are **trained** to recognize foreign interference.

These shields:

- Dampen spiritual attacks

- Resist manipulation or guilt tactics
- Diminish energetic overwhelm in social spaces
- Prevent spiritual residue from latching

This shielding becomes **automatic and silent**, requiring no theatrical rituals.

---

## 6. Energy Filtration

Rather than blocking all contact, Malphas teaches the filtering of subtle energies, allowing only **aligned frequencies** to pass.

This filtration power is essential for:

- Empaths
- Spiritual practitioners who work with the public
- Group leaders exposed to projections
- Ritualists navigating chaotic energetic fields

You will begin to feel “clearer” after interactions, no longer absorbing others’ pain, judgment, or envy.

---

## 7. Decoy Creation

Malphas has the rare ability to craft **energetic decoys**—false signatures that

distract or mislead attackers or manipulators.

These decoys:

- Redirect psychic attention to dead-ends
- Shield real goals by projecting false ones
- Confuse hostile tracking or ritual targeting

This power is not deception—it is **strategic camouflage** used for defense, timing, or privacy.

---

## 8. Spiritual Fortification

Beyond the personal aura, Malphas fortifies **spiritual structures** such as:

- Altars
- Sigils
- Ritual scripts
- Group workings
- Initiation frameworks

This ensures that sacred operations are protected from theft, mimicry, disruption, or energetic bleeding.

Your work becomes **sealed and reinforced**, not by fear, but by architecture.

---

## 9. Disruption of Spying and Surveillance

Malphas directly interferes with:

- Remote viewing
- Astral spying
- Energetic tracking
- Dream infiltration

Through his current, you become **unreadable**, your workings become **invisible**, and your presence becomes **coded with non-accessibility** for unauthorized observers.

Even skilled practitioners may find your energy “blank” or “off-limits.”

---

## 10. Cloaking of Ritual Space

Malphas empowers you to **cloak entire rituals** or working areas, making them:

- Energetically undetectable
- Spiritually silent
- Psychically sealed

This power is invaluable for private rites, initiations, baneful work, or transformation processes that require protection during their fragile emergence.

It becomes nearly impossible for others to scan, sense, or interrupt your workings.

---

## 11. Oath Enforcement

Lastly, Malphas holds dominion over **energetic oaths and group bonds**. If loyalty is promised in ritual, covenant, or personal pact, he ensures that:

- Violators feel the consequence
- Group structures remain strong
- Energetic contracts are respected

This power is especially useful for those in roles of leadership, mentorship, or collaboration—where loyalty is not optional, but foundational.

---

## The Function of These Powers

These eleven powers do not work independently. Malphas does not give you tools to juggle—he gives you **a system**. Once attuned, your energy body and spiritual workings begin to reflect his logic:

- Boundaries become natural
- Loyalty becomes clarified
- Betrayal becomes visible

- Exposure becomes non-reactive
  - Silence becomes strategic
  - Protection becomes automatic
- 

## **Integration Over Time**

These powers will not erupt all at once. They are not “cast” like spells—they **grow through attunement.**

As you complete the 21-day cycle and maintain the current, you will notice that:

- Decisions feel clearer
- Trust becomes simpler
- Energy becomes lighter but stronger
- Others begin to respond differently to your presence

What has been unstable becomes **structured.**

What was once exposed becomes **sealed.**
