

Power Tools of Botis

Posted on August 13, 2025 by Rhyan Hyroc

Harness the commanding presence of Botis with three potent tools—each meticulously charged and activated by the Masters of the World of Amulets, designed to channel his guidance, protection, and decisive clarity into your daily life.

The Botis Altar Tile is your fixed point of connection, a consecrated surface that anchors Botis's energy in your space. It not only strengthens your rituals but continuously radiates his influence, keeping your path aligned and guarded.

The Botis Amulet serves as a constant companion, silently working to attract truth, dissolve confusion, and sharpen your intuition. Worn close to the body, it becomes a shield and a compass, protecting you from deception while guiding your decisions with precision.

The Botis Ring is the embodiment of commitment to his current—it channels his judgment and foresight into your actions, empowering you to see through falsehoods, resolve conflicts, and act with unwavering confidence.

Every piece is ritually prepared, infused with Botis's current through advanced consecration rites, ensuring they are ready to work the moment they reach you. These are not mere symbolic items; they are living tools, vessels of active spirit power.
