Vine is not a spirit of softness or waiting.

He is a **dismantler of deception**, a sovereign destroyer, a king of exorcism and command.

When Vine enters your field, illusions collapse.

Enemies surface. Hidden forces are stripped bare.

And in that space of exposed truth, you **rise with sovereignty**.

The **Altar Tile**, **Amulet**, and **Ring** of Vine are forged not for comfort, but for confrontation. Each tool is **spiritually charged, consecrated, and sealed** by Terra Incognita Masters in direct ritual with Vine himself. These are instruments of force—ready for immediate use.

▣ The Altar Tile

A field disruptor and invocator.

Place this tile on your altar or in your ritual space to call Vine's current directly into the environment. You may feel pressure. Tension. Sudden revelations. This is not for the faint of heart.

The tile functions as a gate for exorcism, banishment, and **strategic spiritual control**.

Best for:

- Confronting enemy spirits
- Truth-divination rituals

- Protection of space from infiltration
-

☐ The Amulet

Wearable dominion.

This amulet invites Vine's presence into your energy field. It doesn't just protect—it **intimidates and reveals**. Wearing it daily strengthens your aura, repels manipulation, and gradually boosts your psychic perimeter.

Many initiates report stronger intuition and an ability to detect lies or energetic attacks instantly.

Best for:

- Personal protection
 - Spiritual warfare
 - Aura reinforcement and awareness
-

☐ The Ring

The hand of command.

This is the tool for those who must act with **authority**—whether in ritual, conversation, negotiation, or personal transformation. Wearing Vine's ring empowers speech, drives back spiritual resistance, and establishes energetic dominance over hidden forces.

Use it to make declarations. To sever ties. To cast out what no longer serves.

Best for:

- Commanding rituals
 - Banishing entities
 - Restoring energetic sovereignty
-

Fully Activated and Ready to Use

Each item has been infused through a sacred **three-stage ritual**:

1. **Evocation of Vine** into sacred presence
2. **Energetic embedding** through sigil work and breath invocation
3. **Binding and sealing** with a spoken pact for spiritual activation

No additional activation is required. These tools are **alive** and respond instantly to focused use.

Reports from the Field

Those who use Vine's tools often speak of:

- Sudden removal of toxic connections
- Seeing through manipulation

- Dreams revealing the true face of hidden enemies
- Unshakable calm in the face of chaos
- Feeling “guarded by a silent storm”

Vine doesn't whisper. He **strikes cleanly**. And his tools carry that exact current.

Access Is Limited

Each object is charged only during a specific evocation window. Vine does **not permit casual engagement**—his presence is royal, volatile, and precise.

If this page is live, the cycle is open.

Once it closes, the tools will vanish until the next authorized rite.

Wear the command. Anchor the truth. Exorcise what hides. Rule what's yours.

The tools of Vine are now available.
