The *Course for Protection, Justice & Breaking Malice* at Terra Incognita Coven is a transformative pathworking designed for those seeking to reclaim personal sovereignty, dissolve spiritual interference, and invoke infernal justice through empowered ritual. Rooted in the disciplined practice of demonic magic, this course guides initiates through the protective currents of Andromalius, Haures, Halphas, and Glasya-Labolas—spirits renowned for unmasking deceit, reversing hexes, shielding the spirit, and striking down malice at its source. Each lesson blends practical spellwork, sigil activation, and shadow integration to dismantle psychic manipulation, ancestral entanglements, and energetic parasites, while also instilling the strength to stand with clarity and conviction. Students are trained in advanced ritual techniques to expose hidden enemies, cleanse spiritual debris, and channel infernal fire into protective wards and personal justice. This is not just about defense—it is about transformation through empowered confrontation, ensuring that no force of deceit, envy, or corruption can linger unchallenged in the initiate's path.
