⚡ **THE OATH. THE FLAME. THE CROWN.** ⚡

The Grimoire of Hera

A 21-Day Sovereign Initiation into the Queen of Olympus

You are not being invited. You are being summoned.

There are moments in your life when everything breaks.

The promise. The marriage. The family. The bloodline.

And worst of all—**the vow you made to yourself and did not keep.**

You may have forgotten it. She did not.

Hera remembers.

She has waited in the throne room of your soul, crowned in stormlight, holding the contract you abandoned.

This is not a devotional course.
This is a reckoning.

Do You Dare Call the Queen?

Hera does not comfort. She **corrects**.
She does not flirt with your potential. She **demands your allegiance**.
To summon her is to **stand trial before a divine court**—
and to come away not as a servant,
but as **something higher**:

A Throne
A Covenant
A Living Oath

You do not approach Hera as a seeker.
You come as one who is ready to **be witnessed in totality**,
and still found worthy.

Inside the Grimoire: A Temple of Sovereignty

Module 1: The Throne and the Oath

The Living Grimoire of Hera

This is the gate. The contract. The summoning circle of her mythic and metaphysical current.

In this module, you will be initiated into the essence of the Queen—not the stories about her, but **her true power** as it breathes through the ancestral and astral realms.

You will walk through:

Grimoire of Hera: Queen of Oaths and Bonds

- The **lineage of Hera**: Firstborn daughter of Titans, Queen not by marriage—but by right
- Her **10 divine powers**: From wrathful judgment to sacred lineage protection
- The **Devoted Queen Archetype**: How to enthrone her spirit within your psyche
- Her **ritual altar** (optional): Structure, sigils, sacred geometry of the matron's court
- Her **sacred oil** (optional): Used for vow rituals, ancestral contracts, and soul oaths
- Her **offerings**: What pleases her, what enrages her, what unlocks her protection
- Her **astrological and planetary dominion**: Lunar, royal, and storm-borne
- The **animals and elements** under her command: Peacock, cow, air, earth
- The **spirits she allies with**: Divine sisters of justice and protection
- The **forces she opposes**: Spirits of betrayal, chaos, seduction without vow
- The **exact moment** to call her—and what must be prepared before you dare
- And the most important of all:
How to summon Hera—and how to survive it

This is not symbolic.

This is a **ritual contract with a divine matron** who answers when called.

Module 2: Ten Thrones of Power

Rituals for Hera's Divine Forces

When the oath is sealed, the Queen responds.

In this module, you do not learn—you **enact**.

Each power is awakened through precise spiritual technologies designed to reshape your reality and **rewrite your soul's contracts**.

You will receive:

20 Daily Petition Templates

Structured invocations you can use for loyalty, justice, protection, healing, and remembrance.

Each is a portal. Each is a courtroom prayer.

The Pact Must Be Kept

This is a **21-day initiation**.

Each day is sacred.

If you miss one, **you begin again**.

This is not about punishment.

It is about **spiritual integrity**.

To walk with Hera is to keep your word—

Even if no one is watching.

Especially then.

You Already Know If She's Calling

There are no accidents here.

If this page found you, it is because **you made a vow long ago.**

One the Queen is ready to collect.

Are you ready to keep it?

Then enter.

The Grimoire is open.

The Crown awaits.

The Oath burns.

The Queen. The Flame. The Word.
