Enter the Path of Dominion: Duke Cimejes

Duke Cimejes is the enforcer of order, the iron-willed guide of spiritual law, and the Duke of arcane precision. His current is sharp, disciplined, and unyielding, teaching initiates the art of command, the presence of sovereignty, and the discipline of living in alignment with inner law.

The *Attunement + Grimoire of Cimejes* course is your formal initiation into his dominion: a structured journey of preparation, attunement, and practical invocation. It does not flatter—it forges. To walk with Cimejes is to walk the armored path, where intention is tempered into law and discipline becomes second nature.

Why Walk with Cimejes?

Because without order, power is wasted. Without discipline, freedom collapses. Without law, the inner throne remains unclaimed.

Those who align with Cimejes experience:

- **Strategic Thinking Under Pressure** – Developing the clarity to act with precision in moments of chaos. For example, initiates often report being able to make fast but measured decisions in situations that once overwhelmed them.
- **Unshakable Discipline** – Transforming routine into sacred law, where consistency becomes effortless rather than forced.
- **Oath-Keeping Energy** – The ability to sustain commitments, promises, and vows, both spiritual and personal, without collapse.
- **Redirection of Chaos** – Learning how to identify forces of disruption—whether internal or external—and bend them into constructive flow.
- **Psychic Armor** – A shield of presence that prevents manipulation, intrusion, or energetic sabotage.
- **Command Presence** – The aura of authority that causes others to listen, respect, and follow without needing to demand.
- **Refined Judgment** – The discernment to separate illusion from truth, loyalty from betrayal, opportunity from distraction.
- **Embodiment of Inner Law** – Living as a vessel of sovereign order, where

your word becomes unshakable command.

With Cimejes, you do not simply practice magic—you embody dominion.

Inside the Course: What You Will Experience

Grimoire - The Armored Path of Knowing

Preparation is everything. This module arms you with sacred context, spiritual clarity, and mental discipline, forging you into a vessel capable of holding Cimejes's current.

You will:

- **Discover who Cimejes is**, from ancient sources that describe his dominion as a Duke, to modern testimonies of practitioners who felt his sharp presence in their lives as sudden order and enforced discipline.
- **Explore his archetype**: the enforcer of order, the warrior-scholar, the Duke of law and dominion who balances discipline with wisdom.
- **Study his powers**: enforcement of inner law, redirection of chaos, instillation of discipline, strategic foresight, and command presence.
- **Construct the Altar of Dominion (optional)**—a sacred structure symbolizing sovereignty and obedience. Many initiates describe the atmosphere around the altar as immediately becoming heavier, more precise, more ordered.
- **Craft the Sacred Oil of Obedient Flame (optional)**—a ritual oil used to anoint the body, sharpening intention, enforcing commitment, and aligning will with discipline.

- **Learn his planetary and zodiac correspondences, sigil, regency dates, element, gemstone, animal, and legions**, giving you practical keys to timing and anchoring his current.
- **Understand his symbiosis and adversity with other demons**, allowing you to know when Cimejes’s current strengthens alliances—or demands solitude.
- **Review user cases of power**, such as initiates who broke lifelong habits through his discipline, or who found the confidence to enforce boundaries in chaotic environments.
- **Receive the summoning ritual of Cimejes**—a direct invocation that calls his presence with clarity and precision.
- **Engage in guided meditation**, designed to align your will with his dominion, sharpening the inner throne of sovereignty before the 21-day cycle begins.

This is not abstract knowledge. It is initiation into clarity, order, and readiness.

Attunement - The Ignition of Sovereign Fire

The second module is the crucible: the **21-day cycle** that forges your bond with Cimejes into an unshakable alignment.

You will:

- Perform daily ritual before his sigil, invoking his current with posture, gaze, and breath until your nervous system resonates with his dominion.
- Sustain this discipline for 21 consecutive days—if even one day is missed, the cycle resets. This mirrors his law: true dominion is born only through exact

consistency.

- Be fortified by **seven remote rituals** performed by Terra Incognita masters, which stabilize your energetic bond and ensure your attunement does not distort.
- Recognize **spiritual signs of alignment**: dreams of order, sudden bursts of productivity, or an almost militaristic sense of clarity and will.
- Experience **emotional and mental shifts**: habits breaking away, procrastination dissolving, chaos losing its grip. For example, many initiates describe how during the cycle they effortlessly established routines that had eluded them for years.
- Understand **the deeper nature of initiation**: that this process is not symbolic but transformative, where intention is tested until it becomes law.

By the end of the cycle, your presence will carry the weight of Cimejes's fire: exact, sovereign, unshakable.

Rituals & Tools of Strategic Dominion

The third module places into your hands **20 precise petitions**—strategic invocations designed for real-world application.

Each petition contains a **focused intention** and a clear example of use, ensuring these tools remain alive and practical.

Highlights include:

strategic, and designed to command reality through Cimejes's fire.

The Commanders of Cimejes

Beneath Duke Cimejes march his commanders: warrior-scholars who embody strategy, force, and hidden mastery. Their currents are sharp, relentless, and not to be taken lightly.

- **Commander Tharvok - Master of Hidden Maps and Forgotten Roads:** Reveals hidden pathways, both literal and spiritual, guiding initiates through unseen terrain.
- **Eldruin - Voice of the Forgotten Tongues:** Awakens ancient languages and lost knowledge, particularly for those working in scholarship or occult study.
- **Vorcalis - The Iron Banner of Discipline:** Embodies unyielding discipline, enforcing routines and laws with martial exactness.
- **Zhyrel - Binder of the Spectral Steeds:** Governs hidden forces of movement, anchoring and binding astral currents for use.

- **Ozythar - Shaper of the Veiled Fortress:** Creates energetic fortifications, shielding the initiate's domain from intrusion.

To call upon these commanders is to step deeper into Cimejes's militant order. They are guardians, teachers, and enforcers—extensions of his dominion.

Step Into Dominion

Cimejes does not flatter. He commands. He does not offer comfort. He offers sovereignty, order, and exact law. To walk with him is to become armored: clear in thought, precise in action, and sovereign in presence.
