Attunement to Naamah, Demoness of Pleasure, Power, and the Secret Feminine

**A Living Grimoire and Spirit Attunement for Those Who Are
Ready to Stop Apologizing for Their Power**

Are You Tired of Dimming Your Sensual Light Just to Make Others Comfortable?

You were told to be beautiful—but not too much.

The Rose of Ecstatic Shadows – Attunement to Naamah,
Demoness of Pleasure

To be confident—but not intimidating.
To feel deeply—but never let it show.
To desire—but not want too loudly.

This programming doesn't just silence your body—it separates you from your **power source**.

Naamah is the demoness who ends that silence.

She does not offer polite healing. She offers **radical reclamation**.

This is not a course about feeling “empowered.”

This is a full-scale energetic initiation, transformation, and activation into who you were *before you were trained to shrink*.

A Complete Spiritual System, Not Just an Attunement

This is a living grimoire, a 21-day energetic attunement, and a ritual arsenal designed to awaken your erotic sovereignty, psychic magnetism, and emotional truth.

You will not simply receive Naamah's energy.
You will be reshaped by it.

Inside this course, you gain:

- A full grimoire of Naamah's powers, symbols, correspondences, and spiritual nature
- A sacred 21-day attunement ritual structure with daily practices and seven distance rituals performed by the Coven
- Powerful ritual tools and 20 tested petition templates for real-life application

- Symbolic actions to activate her powers at will—before intimacy, in times of emotional overwhelm, for confidence, protection, and creative flow
-

This Course Is for You If You Are:

- ✓ Done with suppressing your sensual self in the name of “decency”
- ✓ Ready to explore pleasure as a spiritual force—not a taboo
- ✓ Longing for psychic protection that doesn’t require hardness or coldness
- ✓ Called to reclaim beauty, softness, eroticism, and radiance on your own terms
- ✓ Seeking rituals that work in real life—before dates, performances, healing sessions, or hard conversations
- ✓ Eager to break patterns of emotional codependency and people-pleasing
- ✓ Willing to step into a powerful current that demands truth, not perfection

You do not need prior experience in spirit work.

You need honesty, devotion, and readiness.

What Makes This Initiation Unique

This is not passive content.

You are not just “learning about” Naamah—you are being **initiated into her current**.

Here’s what sets this course apart:

1. The Grimoire Module

This is your sacred map. You’ll explore Naamah’s spirit identity, energetic archetype, and the exact structure of her powers. You’ll understand her planetary, elemental, and astrological alignments. You’ll learn how and when to summon her—and why she changes lives. This is not vague mysticism. It is **direct energetic knowledge**, clearly transmitted and grounded.

2. The 21-Day Attunement

You'll follow a precise initiation process:

- A mantra in Rakh Enagh
- A daily 3-repetition ritual while focusing on her sigil
- Seven remote rituals performed by the Terra Incognita Coven
- A commitment to daily presence and embodied transformation

Miss a day? The cycle must restart. This is a **sacred pact**, not casual consumption.

3. Rituals and Tools for Specific Real-Life Needs

You will receive 20 detailed petition templates covering themes like emotional liberation, seductive presence, dream work, energetic protection, attraction, and sovereignty. Each includes a unique mantra, a specific request format, and a real-world use scenario.

You'll also receive 10 symbolic ritual acts—3-5 minute power activations—to call on Naamah's force for exact needs. These are practical, efficient, and sacred.

What You Will Awaken Within You
