The Sovereign Fire Within: Ritual and Spell for Confidence Through the Dominion of Sitri

## I. The Flame of Confidence Is Not Fabricated

Confidence is not a surface behavior. It is the external reflection of internal

sovereignty — the alignment of thought, will, emotion, and presence into a single current of certainty. It is not boldness for its own sake, nor empty bravado. True confidence arises when the soul knows its place, the body accepts its role, and the spirit becomes fully animated in its vessel. No ritual for confidence can succeed without touching this inner convergence.

Sitri, the demonic lord of magnetic force, personal allure, and radiant dignity, governs this fire. Where others seek confidence through repetition or mimicry, Sitri awakens it from the core. His current does not merely make one appear confident — it transforms the energetic structure so that confidence becomes one's natural state. The spell for confidence, drawn from his essence, targets moments where poise, voice, and gaze must remain unshaken. The ritual, deeper and longer, engraves the solar command into the bones.

## II. Historical and Social Background

The quest for confidence predates any self-help text or psychological system. In ancient Egypt, warriors invoked the Eye of Ra before battle — not only for protection, but to project undeniable presence. In Vedic traditions, solar mantras were chanted to awaken personal radiance. Among Greek initiates, Dionysian rites released shame and unworthiness to birth ecstatic authority. And in the hidden chambers of Qabalah and grimoires, names of spirits were whispered not only for wealth or love — but to reclaim lost majesty of the self.

During the medieval grimoiric period, the power to “win affection,” “inspire fearlessness,” or “command a room” was rarely named directly, but always present. Spirits such as Sitri, Asmodeus, and Belial were invoked to dominate environments, seduce with language, or destroy inner weakness. Angels like Mikael and Haaiah were called upon to defend dignity and secure social command.

Confidence was never simply an emotion — it was a magical state. Those who carried it were perceived as favored by powers unseen. In courts, duels, councils, and temples, the confident voice was the one obeyed. To this day, that remains unchanged.

### III. Different Spirits to Use (Demons, Kabbalistic Angels, Elenthos Spirits)

To activate a complete ritual for confidence and spell for confidence, one must understand the spiritual forces that govern this current across categories. These are the demons, Kabbalistic angels, and Elenthos spirits specifically tied to the ignition, protection, and elevation of personal power.

#### Demons

- **Sitri** – Demon of magnetism, erotic sovereignty, charm, and commanding presence. Central force of this ritual and spell.
- **Asmodeus** – Governs desire, dominance, and carnal boldness. Useful when confidence must be coupled with assertive will.
- **Belial** – Grants poise under pressure, courtroom mastery, and persuasive authority in speech.
- **Gusion** – Clarifies self-perception, reveals one's own strengths, and removes social confusion or timidity.

#### Kabbalistic Angels

- **Mikael** – Angel of courage, leadership, and radiance. Helps dissolve fear and sustain noble self-image.
- **Haaiah** – Brings dignity, strategic speech, and the ability to command loyalty from others.
- **Daniel** – Restores inner vision and faith in one's worth; heals fractured self-concept.
- **Vehuel** – Uplifts one's energetic tone, granting subtle charisma and spiritual prestige.

#### Elenthos Spirits *(verified only from archive)*

- **Thamariel** – Spirit of inner brilliance and noble posture; awakens the soul's memory of its greatness.
- **Valtheron** – Bringer of dignified presence in leadership; stabilizes voice and body language under pressure.
- **Nyareth** – Clears past shaming imprints; restores confidence in emotional and social vulnerability.
- **Cyroneth** – Energizes the solar plexus field; supports assertion without

aggression.

- **Zirion** – Strengthens aura of clarity and personal importance, preventing self-sabotage.
- **Elvarith** – Facilitates acceptance of one’s gifts and self-worth, particularly after rejection or failure.
- **Maelion** – Enhances energetic magnetism and internal radiance when entering new environments.

Each class of spirit offers a different aspect of the sovereign current. **Sitri** remains the master of immediate confidence, erotic charge, and presence. When his current is properly engaged, rooms shift. Eyes are drawn. Doubt dissolves.

#### **IV. The Importance of Attunement Before Using the Rituals and Spells**

Sitri does not operate in shallow waters. His current is volatile, radiant, and intensely personal. Before invoking him in a ritual for confidence, the practitioner must prepare the inner field. Without attunement, the ritual may trigger confusion, vanity, or a short-term surge followed by emotional collapse. The body must be calibrated to hold the current.

Attunement includes exposure to Sitri’s sigil, vocal repetition of his name until the resonance stabilizes in the chest, and visual communion with the self free of shame or apology. This is not optional. The spell for confidence can work without full attunement — but only briefly. Sitri governs transformation, not decoration.

Terra Incognita Academy provides a verified 21-day Sitri attunement cycle. This includes name work, guided energetic correction, mantra alignment, and seven remote ceremonial activations that engrave Sitri’s fire into the initiate’s field. Those who complete the cycle report irreversible shifts: magnetic poise, absence of self-sabotage, elevated erotic confidence, and deep calm in social exposure.

**Purpose:** To invoke Sitri's current into the practitioner's field, removing internal shame, activating magnetic presence, and stabilizing the solar center of command.

**Timing:** Venus hour on a Friday or Mars hour on a Tuesday. Moon phase: waxing.

**Materials:**

- Crimson or deep rose cloth
- Sigil of Sitri drawn in black ink on white parchment

- A personal object associated with strength (e.g., ring, pendant, ancestral token)

**Procedure:**

1. **Altar Setting** – Place the cloth. Sitri's sigil at center. Candle above it. Mirror facing the sigil below. Incense to the side. Personal object on the sigil.
2. **Lighting and Invocation** – Light incense and candle. Gaze into the mirror. Then to the sigil. Speak: "Sitri, Prince of Fire and Form, I call you not to mask me, but to restore me. Strip the shame. Unveil the sovereign. Set my words to command. My breath to power. My presence to flame. Enter me with radiance."
3. **Object Empowerment** – Place your dominant hand on the personal object. Speak: "Through this vessel, your current flows. Let it carry my boldness to every room. Let none dim me."
4. **Mirror Alignment** – Stare into your reflection. Whisper your name three times. Then state: "I accept the fire. I reject the falsehood. I am returned."
5. **Seal the Ritual** – Extinguish the candle with breath. Fold the sigil around the personal object and keep it with you for 21 days.

Dreams, interactions, and physical sensations may shift in the hours following. Sitri often marks his presence with sensations in the chest, warmth in the solar plexus, and flashes of erotic or regal imagery.

## VIII. FAQ

### **Is Sitri safe to work with?**

Yes. Sitri is intense but not dangerous. He magnifies what is present. Attunement ensures that what surfaces is integrated, not overwhelming.

### **Will this help with public speaking or performance anxiety?**

Yes. Both the spell and the ritual dissolve the energetic roots of fear and amplify natural poise.

### **Do I need to be attractive or extroverted for Sitri's power to work?**

No. Sitri empowers inner radiance, which overrides conventional appearance or personality types. Magnetism is energetic, not cosmetic.

### **Can I combine this with other spirits?**

Only if those spirits are aligned with Sitri's frequency. Mixing with angelic currents can create conflict. Elenthos spirits may be integrated carefully if attuned.

### **What if I break the 21-day attunement cycle?**

You must begin again. The current builds layer by layer. Each day missed weakens

the field.
