The Ascension Current of Dominion: Ritual and Spell for Success Through the Authority of Belial

## I. The Threshold of True Success

Success is not a reward. It is a claim — a manifestation of internal authority meeting external recognition. It does not arise through mere labor or intention, but through dominion: the ability to command outcomes across visible and invisible systems.

The ritual for success, when enacted under lawful conditions, does not create luck — it enforces alignment. It restructures resistance and binds personal will to the current of enduring advancement.

Belial stands as the infernal king of rank, ascension, command, and influence. Among the 72 spirits of the *Ars Goetia*, he is unique in that he grants *status before reward*. His current does not merely open doors — it makes one the key. To petition Belial is to ask for success not as an accident or windfall, but as structure, entitlement, and earned power. The spell for success that follows is an active device for outcome shaping, while the ritual builds the throne on which success may be sustained. Both require more than faith — they require initiation into rightful identity.

## II. Historical and Social Background

Success, in all eras, was governed by unseen powers. Kings did not rise through merit alone, but through bloodlines sanctified by rites. In Babylon, the temple of Marduk sealed rulership with oaths taken before elemental gods. In Egypt, Pharaohs were not merely political rulers — they were embodiments of Horus, ritually confirmed through coronation magic. Success in ancient societies always involved initiation, sacrifice, and spiritual confirmation.

In medieval Europe, hidden orders safeguarded rites for knighthood, diplomacy, and governance — often calling upon angels or spirits to grant favor in court, triumph in conflict, or victory in commerce. The grimoires of that era preserved these operations beneath layers of metaphor. Belial appears in these texts as a king who bestows titles, positions, and credibility. In the *Lemegeton*, he is said to grant senatorship, eloquence, and favor from rulers. His energy is not violent — it is judicial.

Kabbalistic traditions echo these truths. Success is tied to Tiphereth and Geburah, where angelic presences like Michael and Nithael channel the energy of rightful power. These spheres govern glory, courage, and divine recognition — necessary attributes in all successful human endeavors.

The modern world disguises success as meritocracy. But behind systems of business, entertainment, military, or technology, unseen patterns still rule. Those

who work with spiritual intelligence do not manipulate outcomes — they command coherence. The ritual and spell for success are not superstitions. They are access points.

### **III. Different Spirits to Use (Demons, Kabbalistic Angels, Elenthos Spirits)**

True success comes from alignment with spirits of stature, order, and rise. The following are confirmed forces who govern elevation, recognition, and mastery:

#### **Demons**

- **Belial** – King of empowerment, authority, and sovereign success. He builds status from structure, bestows rank, breaks unjust limitation, and establishes the practitioner's presence in hostile systems.
- **Paimon** – Spirit of influence, leadership, and strategic communication. Especially effective in careers involving persuasion, direction, or education.
- **Vassago** – Revealer of hidden pathways to success. Opens sealed opportunities and clarifies correct timing for advancement.
- **Andromalius** – Guardian of outcome integrity. Ensures that success is not taken away unjustly or distorted through betrayal.

#### **Kabbalistic Angels**

- **Nithael** – Angel of noble destiny and dignified rise. His current is ideal for artists, public figures, and those ascending through grace.
- **Michael** – Angel of leadership, victory, and right order. Governs triumph in conflict and battle for one's rightful place.
- **Vehuiah** – Bringer of new paths and undeniable momentum. Initiates breakthrough in difficult beginnings.
- **Mebahel** – Protects truth in systems, guards justice, and ensures that rightful success is seen and respected.

#### **Elenthos Spirits (only from verified archive)**

- **Xalyntha** – Aligns inner self with success timelines. Clears resistance to being seen, celebrated, or honored.

- **Zoranyth** – Converts intention into form, magnifying personal outcomes into visible achievement.
- **Kyralith** – Removes sabotage patterns and aligns energetic grids with the archetype of successful self-expression.
- **Selphira** – Maintains balance during periods of rapid rise, ensuring the practitioner's ascent is stable and supported by higher law.

Among all these, **Belial** holds the throne of unshakable dominion. He is chosen here as the lead force in the ritual and spell for success because he does not offer symbolic gain — he enforces elevation in the structures that define this world.

## IV. The Importance of Attunement Before Using the Rituals and Spells

Attunement is the gate. Without it, the practitioner remains an outsider — speaking names without resonance, calling currents without circuitry. Belial does not respond to flattery. He responds to recognition. His presence arrives only when the practitioner has purified intention, clarified identity, and accepted the burden of sovereign responsibility.

Attunement to Belial is not merely about energy. It is psychological, structural, and initiatory. His current destroys illusion. Those who seek success for false ego will be exposed. Those who seek it for rightful dominion will be crowned. The ritual for success provided here must be preceded by sincere preparation: grounding, honesty, alignment with one's path, and understanding of the cost of success.

Through the Terra Incognita Academy, an official 21-day Belial Attunement Cycle is available. It involves mantra recitation, daily sigil work, energetic corrections, and remote invocations. This process ensures that the ritual and spell will not only work — but endure. Claimed success must be sustained.

## V. The Ritual for Success

[restrict\_content]

**Purpose:** To invoke the spirit of Belial and seal an energetic contract for rightful elevation, victory, and success in one's endeavors.

**Timing:** Day of Mars or Sun (Tuesday or Sunday), planetary hour of the Sun. Ideal during waxing or full moon.

**Tools:**

- Red or black altar cloth
- Sigil of Belial (drawn in black ink on clean parchment)
- Frankincense incense
- Cup of saltwater
- Obsidian or hematite stone
- Handwritten declaration of the success path being claimed

**Procedure:**

1. **Altar Setup** – Place the sigil at the center. Cup of saltwater to the north, incense to the east, obsidian to the west, declaration at the south. Sit facing east.
2. **Initial Statement** – Light incense. Place both hands on the sigil. Speak: “Belial, King Without Master, I call you in fullness and in fire. I accept the laws of rise. Let no cowardice remain in me. Let no confusion speak my name. Open the gate to right success, and engrave my name upon its door.”
3. **Declaration Reading** – Stand. Read your handwritten statement aloud, naming what success you claim and why you are worthy. Speak clearly and once only.
4. **Sigil Activation** – Hold the obsidian over the sigil. See the ink burning with invisible flame. Inhale deeply. Whisper: “I do not ask — I align.”
5. **Water Seal** – Dip fingers in saltwater. Anoint your forehead and chest. Say: “Success is not a gift. It is my structure. Let it form now.”
6. **Closing** – Let incense burn fully. Fold sigil and declaration together. Store beneath your bed or desk for 21 days. Carry the obsidian during meetings, applications, or public steps.

Do not repeat the ritual within 33 days. Observe dreams, signs, confrontations, and new offers.

## VI. The Spell for Success

[restrict\_content]

Designed as a tactical mechanism, this spell for success targets a specific achievement: promotion, election, contract, public victory, etc. It works best when launched within 72 hours of the full ritual.

### Materials:

- Red wax seal or ribbon
- Laurel leaf
- Small scroll with the target goal (e.g., “Public speaking success on [date]” or “Accepted into executive role within 30 days”)
- Drop of personal oil (mixed with dragon’s blood or frankincense)
- Iron key (symbol of unlocked recognition)

### Procedure:

1. **Construct the Spell Packet** – Place the scroll, laurel, and key together. Anoint them lightly with oil. Wrap in red ribbon or wax paper.
2. **Activation Invocation** – Hold the packet in both hands. Speak: “Belial, let this path rise. Remove opposition. End delay. Let success bow to rightful presence.”
3. **Speak the Target** – State the exact goal. No vague phrasing. Say: “This is mine by law of structure, by code of rise, by breath of command.”
4. **Seal and Deploy** – Store the packet in a fire-safe place or carry it until the goal is achieved. Upon completion, burn the packet and bury the ashes at the foot of a tree or in a public place tied to the success area.

This spell may be repeated only for distinct goals. Never run two Belial success spells in parallel.

## **VIII. FAQ**

### **Is Belial dangerous to invoke for success?**

No — if approached with integrity and readiness. Belial will not tolerate dishonesty, but he does not punish arbitrarily. He refines.

### **Can the ritual for success be repeated?**

Yes, but not within 33 days of the previous operation. The current must anchor fully before another layer is added.

### **Do I need a physical altar?**

Physical tools enhance resonance but are not mandatory. Intention, clarity, and accurate sigil use are the core elements.

**How quickly does the spell for success manifest?**

Results vary, but aligned operations often yield movement within 5-21 days. Full realization may take longer, depending on the system being influenced.

**Can I combine Belial with angelic forces?**

Not within the same rite. Each spirit operates under distinct currents. Mixing can confuse the channel unless done by an advanced practitioner.
