In the sacred halls of **Terra Incognita Academy**, learning is not passive. It is a living transmission—an energetic unfolding that anchors unseen forces into everyday life. Every course is designed to act as both a portal and a pact: you don't just study magic here, you enter into an active relationship with it. Whether you are called by angels, demons, celestial currents, or personal mastery, the academy offers tailored spiritual gateways for every type of seeker.

What follows is a complete guide to the **15 types of courses** currently offered at Terra Incognita Academy. Each type is its own spiritual ecosystem, governed by a specific current and handled with care by the masters of the Terra Incognita Coven.

1. Angel Initiation Courses

Live Attunement + Growing Grimoire of Light

These sacred courses offer more than knowledge. Each one is a **complete attunement to a celestial being** combined with access to a **living, ever-expanding grimoire**. Over the span of a 21-day initiation, your energetic system is realigned with the angel's current—anchoring protection, healing, elevation, or divine clarity.

The grimoire evolves continually. New rituals, sigils, and angelic revelations are added over time and immediately accessible to all past initiates. You do not simply

learn about angels—you become a vessel for their work.

2. Ars Goetia Courses

Demonic Alliance + Expanding Infernal Archive

Each of these courses is a **direct spiritual pact**. You receive a full 10-lesson system that culminates in a **21-day attunement ritual** with one of the 72 spirits of the Goetia. This is not theory—it is full contact. These demons respond when properly invoked, and this course ensures that your energetic system is prepared for that level of engagement.

You also receive a **living grimoire** that updates over time as new spells, mantras, sigils, and user-tested rituals are channeled and approved. You grow alongside the spirit. It is a lifelong bond, not a temporary curiosity.

3. Astral Learning & Travel Courses

Freedom Beyond the Flesh

Designed for initiates who seek to expand awareness beyond the physical, these courses guide you in astral projection, lucid dreaming, and multidimensional travel. Through layered exercises and subtle energy practices, you begin to navigate the unseen worlds with clarity, confidence, and protection.
