The **Elenthos Tarot** is a divination system that unveils deep spiritual truths by aligning with the energies of the cosmic spirits of Elenthos. Unlike traditional tarot decks, this system draws upon the wisdom of celestial and primordial entities such as **Sylvarith, Orionthar, Thaloryn, Aestharia, and Zephirion**, revealing **hidden connections, spiritual lessons, and cosmic alignments** that shape your path.

This **expanded guide** will walk you through how to use the **Elenthos Tarot** for different types of drawings, from one-card insights to intricate nine-card spreads that unveil multiple layers of existence. Instead of focusing on a single spirit, each reading allows the forces of **Elenthos to weave their message through the draw**, offering profound revelations.

## 1. Preparing for a Tarot Drawing

The **Elenthos Tarot** operates on a high-vibrational frequency, requiring intentional preparation to align with its wisdom.

### Step-by-Step Preparation:

#### 1. Set Your Intention

- Decide the purpose of your reading: Are you seeking **personal insight, cosmic wisdom, or guidance on a specific situation?**

- Instead of calling upon a single spirit, **allow the deck to reveal which cosmic forces are at play.**

## 2. Create a Resonant Space

- Light a candle:
  - **Silver for celestial guidance**
  - **Blue for wisdom and higher thought**
  - **Purple for spiritual transformation**
- Use crystals **such as amethyst, moonstone, or lapis lazuli** to amplify the connection.
- Play a **harmonic frequency (741 Hz for intuition, 852 Hz for awakening)** to attune your mind.

## 3. Shuffle the Deck with Awareness

- Hold the deck in your **dominant hand**, shuffling with **a sense of openness**.
- Do not focus on a rigid question—**let the deck decide what message needs to emerge**.
- Stop when you **feel a natural pause or a sensation of completion**.

## 4. Cut the Deck in Alignment with Cosmic Flow

- Use your **non-dominant hand** to **cut the deck into three piles**.
- Restack them in the order that **feels most intuitive**—let the unseen energies guide this process.

## 5. Draw Cards from Right to Left

- This mirrors the **flow of celestial forces**, where information moves from the **unseen (right) to the known (left)**.
- It ensures the reading **unfolds in an organic way**, revealing layers of insight gradually.
