**COVEN** *Rhyan Hyroc*

At the heart of the **Terra Incognita Coven Academy** lies a transformative system of *spirit attunements*—multi-dimensional pathways that blend ancient **grimoire knowledge** with a structured 21-day ritual alignment designed to activate the spirit's current directly within the initiate. These aren't symbolic rituals or theoretical studies. Each attunement is a **real energetic transmission**, supported by teachings, mantras, altar work, and seven remote rituals performed by Terra Incognita Masters.

Whether you seek to walk with angels, harness the wisdom of Greek or Egyptian gods, or channel the forces of demons or Elenthosian light-beings, the attunements offered by the Academy open sealed gateways to spiritual transformation, personal empowerment, and conscious communion with divine intelligences.

Each attunement includes:

- A complete 10-lesson grimoire course covering archetype, powers, altar design, sacred oil, guided meditations, user cases, and more
- A 21-day energetic attunement ritual with a unique **Rakh Enagh** mantra
- **Seven distance rituals** performed by Terra Incognita Masters to open and anchor the spirit's current
- A **Certificate of Completion** upon finishing the cycle and integration
- Lifetime access to the course and all future updates

Let's explore the five core attunement paths within the Terra Incognita Coven.

## **1. Angelic Attunements: The Path of Light, Healing, and Divine Clarity**

The **angelic current** works with high-frequency intelligences that offer guidance, purification, protection, inspiration, emotional healing, and support for divine purpose. These are not abstract “light beings,” but powerful presences with defined archetypes, symbols, and spiritual roles.

You may choose attunement with:

- **The 72 Shem HaMephorash Angels**, each governing specific days, virtues, and life missions
- **Major Archangels** such as Metatron, Raziel, Uriel, or Raphael for advanced clarity and soul alignment
- Specialized angels for topics like intuition, creative inspiration, healing grief, or spiritual communication

Each angelic attunement teaches you how to work with their sigil, mantra, energetic field, and channel their guidance for personal and collective service.

Perfect for:

- Empaths, healers, seers, lightworkers, and those called to embody divine grace

## **2. Elenthos Attunements: Harmonic Order and Lumineth Ascension**

Elenthos is a divine realm of pure structure, light, and intelligent design. The **Elenthosian Lumineth** are not spirits or gods, but **cosmic architect-beings** who maintain the integrity of the multiverse. Their current elevates the soul beyond duality into sacred neutrality, inner order, and multidimensional clarity.

Elenthos attunements grant:

- Alignment with the **codes of divine geometry and sacred numerology**

- Downloads of spiritual architecture to rebuild inner systems
- Access to **the Lumineth glyphs**, divine sigils that upgrade spiritual DNA
- An energetic field of peace, knowing, and magnetic stillness

These attunements offer profound energetic recalibration and are especially powerful after working with angels or demons, as they bring harmony and spiritual coherence.

Perfect for:

- Teachers, system architects, gridworkers, divine scribes, and seekers of universal truth

---

### **3. Demon Attunements: Infernal Sovereignty and Transformational Power**

The **demonic current**, particularly through the spirits of the **Ars Goetia**, is one of liberation, mastery, and command. These spirits are not negative beings—but ancient intelligences of power, strategy, passion, protection, wealth, influence, and desire. Each Goetic attunement is a formal alignment with a spirit's current, not through fear or subjugation, but through **resonant energetic bonding**.

In a demon attunement, you will receive:

- A 10-lesson course decoding the demon's sigil, powers, invocations, altar requirements, and historical insights
- A daily practice with a unique **Rakh Enagh mantra** that vibrationally links your field to the spirit
- Real-world application templates for wealth building, love, protection, wisdom, or visibility
- A reinforced spiritual backbone that allows you to stand in sovereignty and command

Spirits like **Asmodeus, Clauneck, Buer, Sitri, Furcas, and Lucifer** are among the most requested attunements, but all 72 Goetia are offered.

Perfect for:

- Shadow workers, spiritual warriors, sorcerers, pathclearers, and those who wish to reclaim lost power

---

#### **4. Greek Deity Attunements: Mythic Wisdom, Archetypal Embodiment, and Divine Drama**

The **Greek gods** are living archetypes—forces that shape human destiny through beauty, chaos, intellect, war, abundance, and transformation. Terra Incognita's attunements to Greek deities reconnect you with their divine blueprint in your energetic field.

Each attunement offers:

- Mythological insight reinterpreted through magical psychology and energy work
- A full grimoire on the deity's traits, sigils, offerings, manifestations, and lessons
- A ritual cycle that awakens the corresponding archetype within you
- Alignment with both the deity's divine domain and its shadow counterpart (for integration)

Available deities include **Hades, Aphrodite, Hermes, Artemis, Dionysus, Apollo, and Hecate** among many others.

This is not worship. It is **embodiment**—awakening your divine twin within the collective consciousness.

Perfect for:

- Creatives, mystics, performers, rebels, and initiates on the path of self-deification

---

#### **5. Egyptian Deity Attunements: Timeless Magic, Protection, and Spiritual Authority**

The gods of **Kemet (Ancient Egypt)** carry deep resonance in the collective soul.

These are **primal deities of protection, resurrection, wisdom, balance, and eternal power**. Attuning to these forces creates a lineage bridge to ancient magical traditions still potent today.

What's included:

- A complete grimoire of symbols, offerings, temples, and ceremonial practices
- Integration with the deity's power through 21-day mantra invocation and altar communion
- Lessons on soul fragments (Ka, Ba), sacred names, and afterlife mysteries
- Activation of protection shields and soul contracts with divine lineage

Deities offered include **Thoth, Isis, Sekhmet, Horus, Anubis, Hathor, and Osiris**.

Perfect for:

- Ritual magicians, priestesses, death walkers, historians of sacred knowledge, and initiates of legacy power

---

## **One System. Many Paths. One Result: Real Transformation.**

All Terra Incognita attunements follow the same sacred structure:

- 10 teaching lessons per course
- 21-day ritual practice
- Unique Rakh Enagh mantra for the spirit or deity
- 7 distance rituals by Terra Incognita masters
- Lifelong energetic bond
- Certificate of Completion

These courses do not require any previous magical experience—but they do require **commitment, respect, and daily practice**.

Each attunement becomes part of your energetic system forever. Once completed, the spirit's current is anchored into your field, and you may continue working with them directly in any magical, meditative, or life ritual context.
